

Seven Hills Regional User Group for GIS Second Annual GIS Workshop

Munson Hills Off-Road Trail Ride
Tuesday, November 18, 2003
4:00 to 6:00 PM

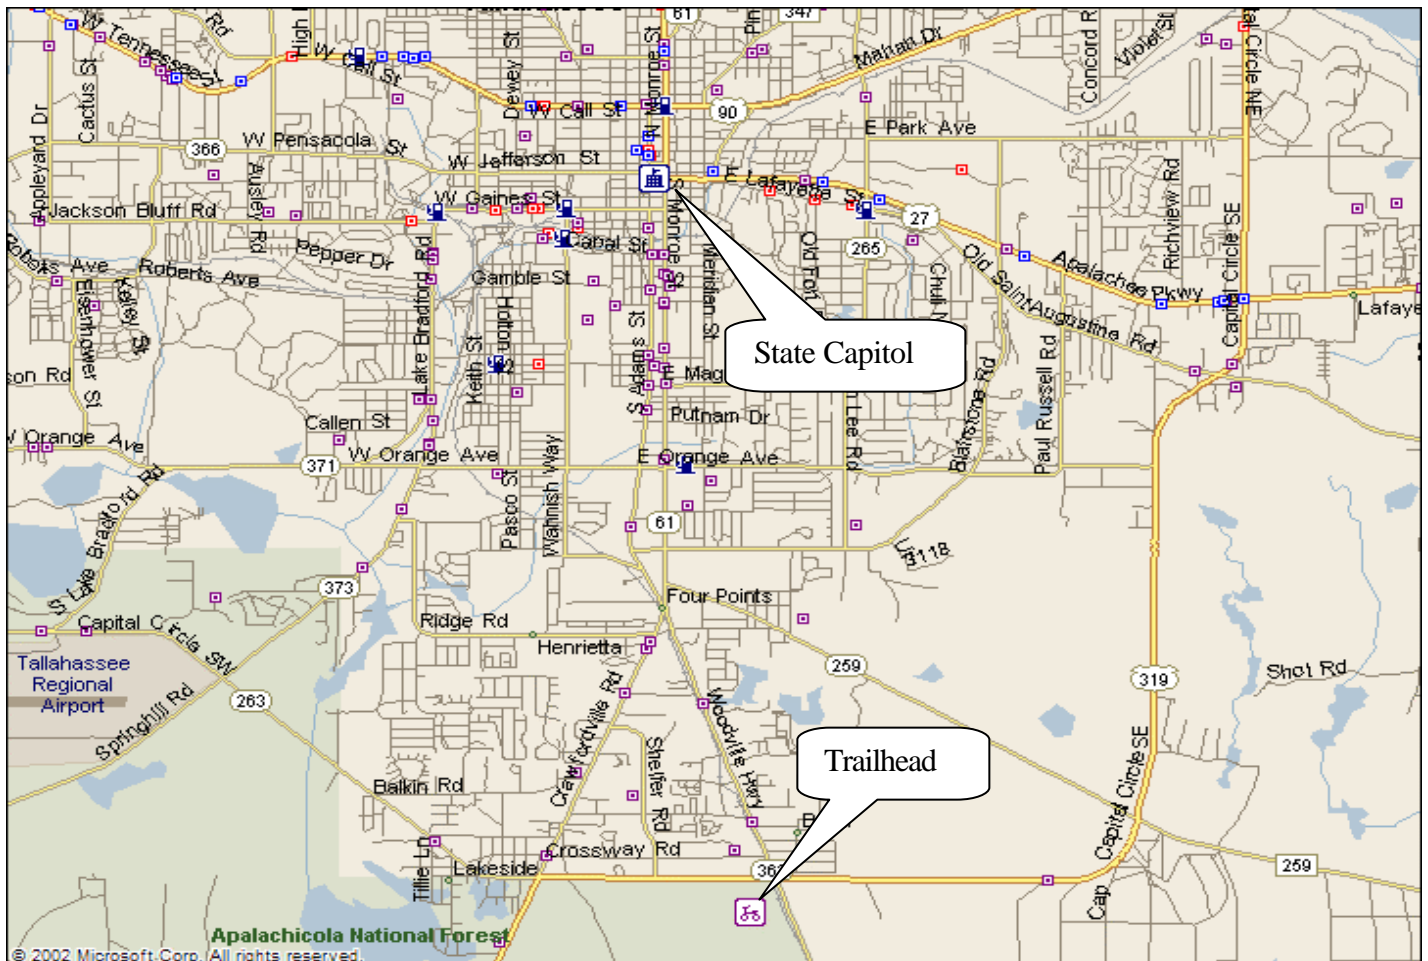

What – Ride the Munson Hills Off-Road Bicycle Trail.

When – 4:00 to 6:00 PM, Tuesday, November 18, 2003.

Where – Meet in the parking lot of the Tallahassee-St. Marks Historic Railroad Trail State Park. The trail is about 4.75 miles south of the State Capitol Building on South Monroe St. (See the map below.)

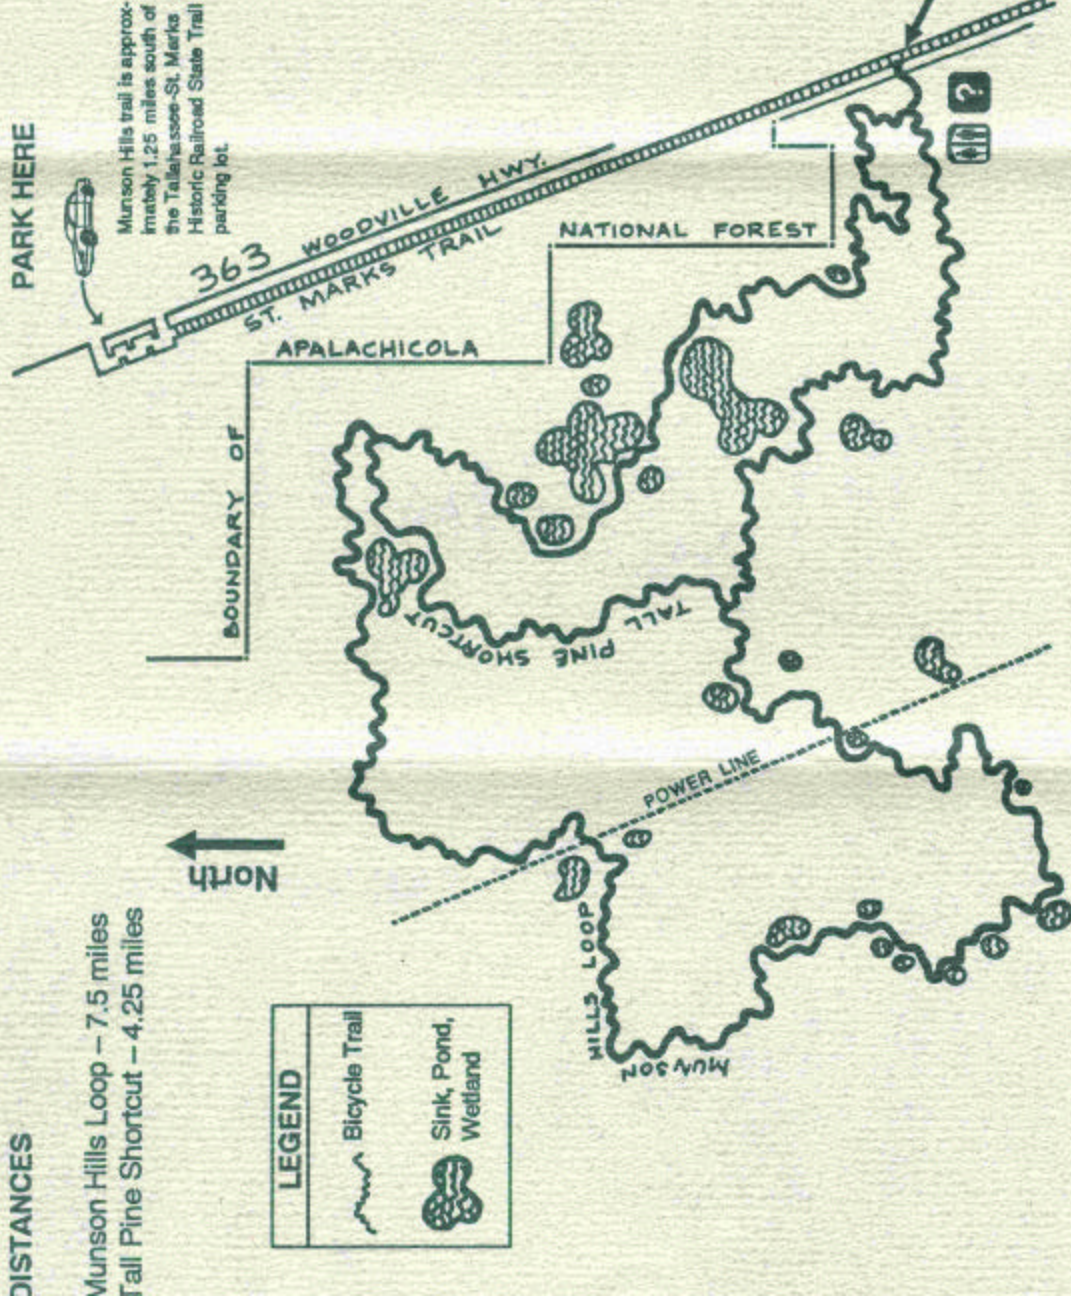

Amenities – The St. Marks Railroad State Trail trailhead has restroom facilities and a water fountain. There is a Shell gas station with a food store and sandwich shop adjacent to the parking lot at the corner of South Monroe St. and Capital Circle (US 319).

Ride Description - Join local off-road riders for a late afternoon ride in the Apalachicola National Forest. Meet at the trailhead (paved parking lot) of the Tallahassee-St. Marks Historic Railroad Trail State Park at 4:00 PM. We'll ride on the paved St. Marks trail for a bit more than a mile where we'll pick up the Munson Hills trail. Munson Hills provides a 4-mile loop and a 7-mile loop. The trail is moderately technical with some obstacles and a lot of sand. The relief is gentle. The 7-mile loop takes about an hour at a moderate pace.

Biking Tips

- Ride in control. Pass others slowly and in single file.
- Speak up from a distance. Approach turns in anticipation of riders around the bend.
- If a portion of the trail is muddy, remain on the center track. Do not cause further damage by riding on surrounding vegetation. Dismount and walk if necessary.
- Respect the land and route closures.
- Help teach new riders proper trail etiquette.
- Leave wildlife undisturbed.
- Pack out litter!
